Startup Infinity Dubai

As we welcome the new year, we're excited to share some amazing updates, milestones, and opportunities from Startup Infinity. Here's a glimpse of what's been happening in our vibrant community:

Virtual Pitching Session

We recently hosted the first and second edition of "The Virtual Pitch" where 6 outstanding startups presented their innovative ideas. The event saw active participation from more than 12 leading venture capitalists and Angel Investors. It was a fantastic platform for startups to showcase their potential and connect with investors for future opportunities.

Congratulations to Xplore

Congratulations to Xplore Startup, incubated under KSUM, for achieving a significant milestone! The company reported an impressive ₹1.5 crore in revenue from the UAE market. This achievement highlights the incredible potential of Indian startups in the Middle East region.

Fuselage Innovations Among Top 11 in Access Sharjah Challenge 2024

We are thrilled to announce that Fuselage Innovations, a Kerala-based startup, has been shortlisted among the top 11 startups in the prestigious Access Sharjah Challenge 2024. This recognition places them on the global stage, inspiring many other startups in the ecosystem.

Kerala Founders at Startup Infinity Dubai

At Startup Infinity, our spaces continue to attract startups and visitors from various industries.

Here's what some of our recent visitors have to say:

Sporthood

The support we received from Startup Middle East has been excellent so far. The new company registration process went through with ease. The team actively guided us on the entire licensing, company registration and visa application process, which was a big relief.

Additionally, Siby and team have been helping us get started by connecting us to key people in Dubai. We had the opportunity to meet and interact with Mr. Ghanim, a prominent real estate player, Mr. Ashley a prominent sports influencer in addition to connections with prominent schools in the area, etc., all within days of us landing in Dubai.

I would highly recommend startups from India looking to expand to the Middle East to actively use this channel.

Zeroearth

Our visit to Startup Infinity Dubai was truly inspiring. Poonam and Siby warmly welcomed us, taking the time to showcase their excellent facilities and creatively designed workspace. The cozy environment was perfect for both work and networking, complete with a creative corner for activities like carrom.

They went above and beyond to introduce us to their network, offering valuable advice on how ZeroEarth could accelerate its growth in the UAE.

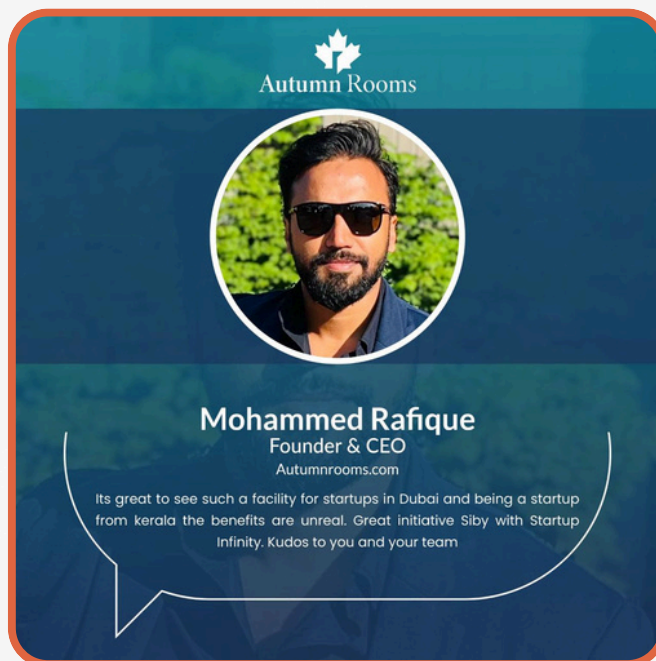

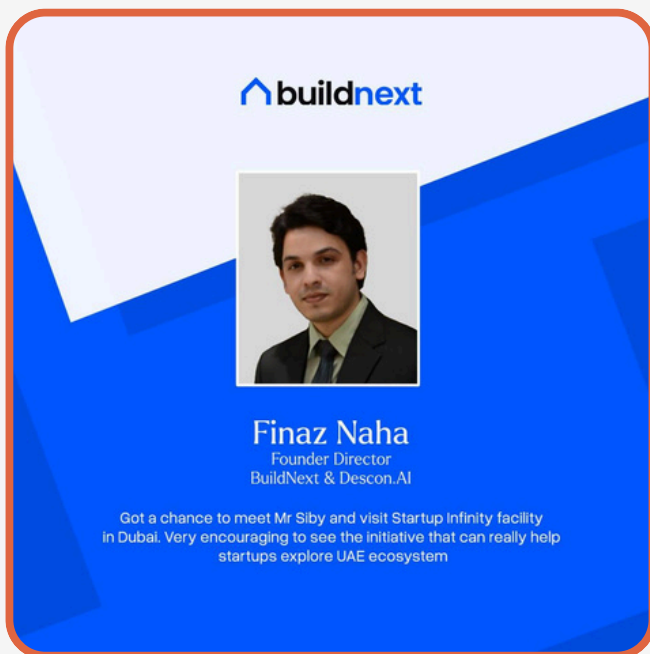

They even outlined avenues for expansion in Dubai, making us feel supported and excited about future possibilities.

Startup Infinity is not just a coworking space—it's a hub of collaboration, creativity, and growth. Thank you for the wonderful experience!

FEEDBACKS

Register now: Roadshow in February

Mark your calendars! Our much-anticipated Startup Infinity Roadshow is happening this February. Stay tuned for further details about the cities and venues where we'll be showcasing the best of our ecosystem.

REGISTER NOW

Scaleup Index 2025 – Join the Survey!

Startup Infinity presents the Scaleup Index 2025, an exclusive survey designed to map the journey of startups in the GCC region. This initiative aims to gather insights on startups operating in or exploring opportunities within the UAE and other GCC countries.

We want to understand your startup's growth, including its registration, business presence, expansion plans, affiliations with incubators or accelerators, and funding received from GCC-based venture capital firms. Your participation will help shape better resources and strategic support for founders like you.

Be part of this transformative initiative to map the journey of startups in the Middle East market.

Be Part of Startup Infinity Dubai

The Startup Infinity (SI) Desk is a dedicated platform for NRIs and startups to establish and expand their businesses. It offers company registration support, access to Kerala's tech talent, co-founder matchmaking, and strategic partnerships.

Startups from Kerala can leverage global market access, while international startups get three months of free workspace to explore the Indian market. With investor connect programs, business workshops, and support from Startup Middle East, SI Desk is set to be a vibrant hub for global startup growth.
